Thank you for registering for our family camp, please read the following information regarding camp and arrival.

Family camp is a camping and program experience, aimed at Tiger through Arrow of Light (1st grade through 5th grade) and siblings ages 5 through 17 years of age. Younger/older siblings, and parents/guardians are welcome, and encouraged to participate in the program, though some activities may have limits based on age appropriateness.

Our theme this year is Greek Olympics. We are all excited to exhibit this theme throughout the weekend. All youth, parents, and leaders are encouraged to be a part of the Olympics theme by dressing in costume and/or bringing appropriate props to use during the weekend.

WHAT TO EXPECT:
Camp will open at 4:00 CST. Camp Betz runs on CST! When you arrive, you will be directed to Pine Tree Cabin to check in. For each person participating, you will need to bring a completed BSA medical form parts A & B and a copy of your insurance card.

No food will be provided Friday night. Dinner should be eaten before arrival or you may bring supplies to cook in your campsite.

Your group will be divided into color groups and we will do our best to keep members of a unit together, but understand that some groups could get split up. Each campsite has a predetermined capacity and depending on the size of your group, we may need to put you in multiple camp sites.

During the day Saturday... your color group will move between six different activity areas. BB Guns, Archery, Theme, Handicraft, Waterfront, and Boating. You are expected to stay with your group, engage and work with your scout/siblings. For your security and safety reasons you are asked to not venture off on your own and explore camp.

Please be advised!!!
Hard sole foot protection is mandatory to participate in all waterfront activities. This must be in the form of water shoes, sandals, or tennis shoes; it must be something that can be worn into the water and not fall off easily. Flip flops are not acceptable to fulfill this mandate. Our waterfront staff reserve the right to decide whether or not footwear is acceptable. The use of waterfront could be revoked if proper footwear is not approved.

If you are registering as a pack and collecting medical forms for your unit, please make sure you are the first person in your group to arrive. If you are not able to arrive before or with the others, please have them bring their own medical forms with them. You will not be able to register without your medical form. Please be sure to note any special needs you may have in your registration.
