

Chicago Community Unit Charter Help

All unit leaders, Committee Chars, and Charter Reps should have received their unit charter code via the email address on file with the Pathway to Adventure Council. **If your unit does not have the charter code, contact your unit commissioner or district commissioner IMMEDIATELY.**

Completed paperwork is due December 15.

Help and guides are available on line at [PTAC unit Resources](#). The link has instructions on the use of the online chartering system and other helpful information.

To assist units in completing the application process before December 15, each district is holding Re-chartering training or workshops conveniently located in the District. Units can learn how to complete the online registration at these events and complete the registration process. Commissioners and local online registration “experts” will be on hand to work with unit leaders in getting their unit registration submitted. These training and workshop sessions for Chicago units are as follows:
